## SUMMARY

Certified QuickBooks Online ProAdvisor with a degree in Accounting Information Systems and a full-year bookkeeping portfolio: 954 transactions, 36 bank and credit card reconciliations at a $0.00 difference, 12 month-end closes and a year-end close with 1099s. Hands-on cash handling and daily reconciliation experience from a hospital cashier's office.

## WORK EXPERIENCE

**Accounting Trainee, Cashier's Office (On-the-Job Training)** Feb 2026 – Apr 2026

*Rafael Lazatin Memorial Medical Center | City-owned general hospital | Angeles City, Pampanga*

- Recorded about 120 patient payments a day, issuing official receipts and logging each one in Excel to keep a complete digital record for the daily close.
- Reconciled each day's official receipts against the Excel log and cash collected, tracing every missing or mismatched receipt through duplicate copies and system records until it was found.
- Prepared monthly journal entries for collections and disbursements, including doctors' professional fees, payroll with government contributions (SSS, PhilHealth) and ambulance fuel expenses.
- Prepared collection reports for the billing department and other hospital departments.
- Answered patient inquiries about past payments by retrieving receipt records.

## PROJECTS

**Bookkeeping Portfolio Project: Pecanwood Pet Goods (fictional company)** 2026 – Present

*Full-year practice case: US online and wholesale seller with Shopify, payroll, a bank loan and sales tax | klcabrera.github.io*

- Recorded 954 transactions across 12 months from source documents: bank and credit card statements, vendor bills, Shopify payout reports and payroll summaries.
- Reconciled checking, savings and the business credit card every month: 36 reconciliations, each at a $0.00 difference, with outstanding checks and deposits in transit carried correctly.
- Closed each month with depreciation, prepaid insurance, inventory from the physical count and accruals, keeping every clearing account at $0.00 before the closing date.
- Managed accounts receivable and payable: re-billed a bounced customer check with its fee, applied vendor and customer credits, and followed up past-due accounts.
- Completed year-end: payroll tie-out to the provider's annual total ($168,810.00 gross wages) and a 1099-NEC list by payment date ($9,240.00 for 3 contractors).
- Supported the books with 9 Excel workpapers using live formulas (SUMIFS, XLOOKUP, PMT, PivotTables), each with a check that ties to the general ledger.
